Notes										
Full Retirement Eligible = 35 years of service or, age 60 with 30 years of service, or age 62 with any years of service										
Early Retirement Incentive Years = \$4500/ year for 7 years or until age 65										
It is difficult to predict how many staff will retire in a future year. However, using the number of staff that are eligible for full retirement over the next 5 school years (38) I would predict on average 5-7 retirements per year for the next 5 years.
