

Quakertown Community School District

Dear Parent/Guardian:

If your child must take medication during school hours, a **Medication During School Hours** permission form must be completed. Please make every effort to plan a medication schedule so that all medications, whenever possible, are taken at home, rather than at school.

A parent/guardian's written permission is required when medication is sent to school. Prescription and non-prescription medications sent to school must always be in the <u>original container and stored in the nurse's office</u>. Students may carry <u>asthma rescue inhalers</u>, <u>EpiPens</u>, <u>and diabetes supplies only with a physician's order and demonstrated competency to self-administer these medications</u>.

Nurses are assigned to all our schools. However, a nurse is not present in every building at all times.

The nurse will supervise the taking of the medication if we have parental written permission and the physician's written directions.

You, the parent/guardian, have these **OPTIONS** if you supply and wish us to supervise the taking of "over-the-counter" medications when a nurse is NOT in the building.

- 1. The parent may call the nurse and arrange a schedule when the nurse is in the building.
- 2. The parent may come to school and administer the medication.

Please contact the nurse in your child's school if you have any questions.

Sincerely,

Matthew Friedman, Ph.D

Superintendent

Quakertown Community School District

Return this form to your child's building Nurse

MEDICATION DURING SCHOOL HOURS CONSENT

Cities of all Hallie.	School:	Grade:
Whenever possible, parents/guardians should administer medications at home. However, we realize that at times your child may need to take medication during school hours. Medication(s) will be administered in school by licensed personnel only in accordance with a written medication order by a licensed prescriber, and the written consent of a parent/guardian. This includes prescription, over-the-counter, and complementary and alternative medicines.		
You, the parent/guardian, MUST complete	e the following and return to your	child's school nurse:
I request that employees of the Quakertown Community School District supervise my child's taking of the medication listed below. I release the school district and its employees from liability for any damages my child may suffer as a result of this request. I understand that this medication may not be shared with another student and that such an act is a violation of the school district's drug and alcohol policy. I give my permission for the School Nurse to speak with the physician regarding this medication prescription.
