

Quakertown Community School District

Neidig Elementary School Additions and Renovations Project

Project Update – Week Ending June 26, 2020

DEI Project No. 231001

End of Week Update: As we continue to coordinate Contractor construction activities, agency inspections and final utility connections with QCSD's self-performed work, deliveries, cleaning and move in activities the management of the project schedule is critical. The following progress photos are being shared to keep the District informed as to the stage of completion of key areas. We will share progress photos in the following weeks as we enter the home stretch of the completion of the project.
