\$5,000 Challenge Grant for 2023

"Creativity is intelligence having fun."~Albert Einstein

The Quakertown Community Education Foundation is an independent, non-profit, community-based organization formed to build coalitions, mobilize resources, inspire learning, and encourage innovation to create lifelong learners. In our community, we want to maximize each student's achievement, empower all students to become productive citizens, and enhance their overall learning experience in our Quakertown Community Schools.

QCEF is committed to programs that address *any of* the following foundations of education:

- 1) Reflect best teaching practice
- 2) Display creativity
- 3) Encourage participation with parents and the community
- 4) Provide opportunities not typically available to students
- 5) Inspire students to increase their interest in a topic
- 6) Use technology to enhance instruction
- 7) Provide students with leadership and competitive opportunities outside the classroom
