

Quakertown Community Education Foundation

Mini-Grant Proposal

The Quakertown Community Education Foundation is an independent, non-profit, community-based organization formed to build coalitions, mobilize resources, inspire learning, and encourage innovation to create life-long learners. In our community, we want to maximize the achievement of each student, to empower all students to become productive citizens, and enhance their overall learning experience in our Quakertown Community Schools.

QCEF is committed to programs that address the following foundations of education:

1. Reflect best teaching practice
2. Display creativity
3. Encourage participation with parents and the community
4. Provide opportunities not typically available to students (speakers, field trips, etc)
5. Inspire students to increase their interest in a topic
6. Demonstrate novel use of materials beyond the curriculum
7. Use technology to enhance instruction
8. Provide students with leadership and competitive opportunities outside the classroom
