Anthony Henry*

Laird Ihle

Osheanna Lonergan*

Mattias van 't Hoenderdaal*

Jason Magditch*

Adam Kukowski

Jill West*

***In Attendance**

The following items were discussed at the Safety Committee Meeting held on December 15, 2021:

- Reviewed and discussed employee accident reports.
- Reviewed minutes from November 17, 2021 meeting.
- High School concerns:
 - Would like to move doorbell & camera to the base/exterior of the main entrance ramp door, identifying visitors prior to their entry into the building. Rob requested Jason write up the details of this request for discussion with Nancianne & Dr. Harner.
 - Cameras: there are a few blind spots in the building, would like additional cameras installed for better coverage.
 - Rear parking lot: Students are damaging staff cars, they would like the lot striped to clearly delineate student parking areas versus staff only parking.
 - Bleachers: recent inspection showed deficiencies.
 - Would like to explore vape detection devices for the bathrooms.
 - Science labs do not have hot water; teachers would like confirmation the emergency showers work.
 - One of the fire doors do not close when drills are conducted.
 - The TV in the main vestibule does not load menu items when selected.
 - Admin would like a projector set up in the commons to match the projector set up in the library.
- A building inspection of HS was conducted:
 - No issues noted that weren't addressed in the concerns.

Next meeting will be January 2022, location Trumbauersville Elementary.
Jill sent notification of date and time.
